Explore Funding and Projects

Together, the Bipartisan Infrastructure Law and the Inflation Reduction Act make historic investments in strengthening water

Learn about the Bipartisan Infrastructure Law

Find information about specific funding programs and learn about projects in your community.

Water Infrastructure

The law makes the single largest investment in our nation's water in U.S. history. With more than \$50 billion in funding, EPA is working with states,

infrastructure, tackling climate change, and creating a more equitable future.
