The Delta Regional Authority (DRA) envisions the region as a place where people and businesses have access to economic opportunities in vibrant, sustainable, and resilient communities. DRA's mission is to realize that vision through the practical application of innovative ideas and strategies that will foster inclusive communities, strengthen regional collaboration and productive capacity, achieve sustained, long-term economic development, and produce meaningful opportunities for all people in the DRA region.

DRA was created to promote and encourage economic development in the Delta region. Over 90% of counties and parishes in the DRA region are economically distressed, reflecting a pervasive norm of hardship across the Delta region. Factors such as environmental racism and classism compound these challenges for Delta residents, highlighting systemic issues.

Some examples of well-known DRA offices, bureaus, or agencies are:

- Programs Department
